MEMORANDUM FOR: THE DIRECTOR		Noted by 12/9/55
<p>Executive Order 10647, requiring publication of information on consultants relating to conflicts of interest, does not apply to CIA consultants. The Department of Justice does not believe the scope of the Order will be enlarged or that there will be legislation in the field. It, therefore, appears that we can continue our present policies, procedures, and security practices for our consultants and experts, WOC or otherwise. A fuller discussion is attached.</p>
